

ALPINE WALK 2008

Starting at Walhalla on March 15th 2008 we plan to walk through to Mount Howitt and Mansfield ending on March 28th. Part of the walk follows the Great Dividing Range with plenty of great views from the higher parts. We plan to have a food drop about half way through the walk so no more than six days supplies will need to be carried. There will however be a few hills to negotiate along the way. Daily distances should be around 15 kms but some days may need to be longer due to the absence of reliable water between camps.
